Subject: KSA Statement on President Biden's Remarks

Dear Alexander,

On behalf of the Royal Embassy of Saudi Arabia, I would like to call your attention to the following statement from the Kingdom of Saudi Arabia.

The Kingdom of Saudi Arabia welcomes the United States' commitment to cooperating with the Kingdom in defending its sovereignty and to confronting threats targeting it, as expressed in President Joe Biden's speech today.

The Kingdom reiterates its firm stance in supporting efforts to achieve a comprehensive political solution to the crisis in Yemen. The Kingdom welcomes the United States' position underscoring the importance of supporting diplomatic efforts to resolve the situation in Yemen, including the efforts of the United Nations Yemen Envoy, Martin Griffiths. Within that framework, the Kingdom has undertaken several important steps to improve the chances of advancing the political track, including the Coalition's unilateral cease-fire declaration, in response to the UN Secretary General's call.

The Kingdom looks forward to working closely with the Biden Administration, the US Envoy for Yemen, Timothy Lenderking, the United Nations, all Yemeni parties and the members of the Coalition, in order to reach a comprehensive political solution in Yemen, in accordance with UNSC Resolution 2216, the GCC Initiative and the outcomes of the Yemeni National Dialogue.

That is the path the Kingdom of Saudi Arabia is pursuing to help the brotherly nation of Yemen advance towards stability and prosperity. The Kingdom will continue its efforts to alleviate the humanitarian suffering of the brotherly people of Yemen. The Kingdom's humanitarian assistance has surpassed 17 billion dollars in the past few years alone, and the Kingdom calls on all friendly nations and international organizations to intensify their humanitarian and relief assistance to the Yemeni people.

The Kingdom of Saudi Arabia also looks forward to strengthening its cooperation and coordination with the United States in order to address regional challenges. These include advancing the Middle East peace process, as well as resolving conflicts and promoting stability in Lebanon, Syria, Iraq, Afghanistan, the Horn of Africa, and the Sahel countries. Our mutual objectives also include confronting terrorism and extremism, while addressing the repercussions of the Covid-19 pandemic. As partners in the G-20 group, we are working jointly towards stabilizing international energy and financial markets and strengthening cooperation in the area of environmental protection. In sum, we seek to advance our shared interests and to promote peace and stability in the region and throughout the world.

Please let me know if you have any questions.

I welcome your feedback.

The Kingdom welcomes the United States' position underscoring the importance of supporting diplomatic efforts to resolve the situation in Yemen, including the efforts of the United Nations Yemen Envoy, Martin Griffiths. Within that framework, the Kingdom has undertaken several important steps to improve the chances of advancing the political track, including the Coalition's unilateral cease-fire declaration, in response to the UN Secretary General's call.

The Kingdom looks forward to working closely with the Biden Administration, the US Envoy for Yemen, Timothy Lenderking, the United Nations, all Yemeni parties and the members of the Coalition, in order to reach a comprehensive political solution in Yemen, in accordance with UNSC Resolution 2216, the GCC Initiative and the outcomes of the Yemeni National Dialogue.

That is the path the Kingdom of Saudi Arabia is pursuing to help the brotherly nation of Yemen advance towards stability and prosperity. The Kingdom will continue its efforts to alleviate the humanitarian suffering of the brotherly people of Yemen. The Kingdom's humanitarian assistance has surpassed 17 billion dollars in the past few years alone, and the Kingdom calls on all friendly nations and international organizations to intensify their humanitarian and relief assistance to the Yemeni people.

The Kingdom of Saudi Arabia also looks forward to strengthening its cooperation and coordination with the United States in order to address regional challenges. These include advancing the Middle East peace process, as well as resolving conflicts and promoting stability in Lebanon, Syria, Iraq, Afghanistan, the Horn of Africa, and the Sahel countries. Our mutual objectives also include confronting terrorism and extremism, while addressing the repercussions of the Covid-19 pandemic. As partners in the G-20 group, we are working jointly towards stabilizing international energy and financial markets and strengthening cooperation in the area of environmental protection. In sum, we seek to advance our shared interests and to promote peace and stability in the region and throughout the world.

The Kingdom's humanitarian assistance has surpassed 17 billion dollars in the past few years alone, and the Kingdom calls on all friendly nations and international organizations to intensify their humanitarian and relief assistance to the Yemeni people.

The Kingdom of Saudi Arabia also looks forward to strengthening its cooperation and coordination with the United States in order to address regional challenges. These include advancing the Middle East peace process, as well as resolving conflicts and promoting stability in Lebanon, Syria, Iraq, Afghanistan, the Horn of Africa, and the Sahel countries. Our mutual objectives also include confronting terrorism and extremism, while addressing the repercussions of the Covid-19 pandemic. As partners in the G-20 group, we are working jointly towards stabilizing international energy and financial markets and strengthening cooperation in the area of environmental protection. In sum, we seek to advance our shared interests and to promote peace and stability in the region and throughout the world.

Subject: KSA Statement on President Biden's Remarks

Dear Zoe,

On behalf of the Royal Embassy of Saudi Arabia, I would like to call your attention to the following statement from the Kingdom of Saudi Arabia.

The Kingdom of Saudi Arabia welcomes the United States' commitment to cooperating with the Kingdom in defending its sovereignty and to confronting threats targeting it, as expressed in President Joe Biden's speech today.

The Kingdom reiterates its firm stance in supporting efforts to achieve a comprehensive political solution to the crisis in Yemen. The Kingdom welcomes the United States' position underscoring the importance of supporting diplomatic efforts to resolve the situation in Yemen, including the efforts of the United Nations Yemen Envoy, Martin Griffiths. Within that framework, the Kingdom has undertaken several important steps to improve the chances of advancing the political track, including the Coalition's unilateral cease-fire declaration, in response to the UN Secretary General's call.

The Kingdom looks forward to working closely with the Biden Administration, the US Envoy for Yemen, Timothy Lenderking, the United Nations, all Yemeni parties and the members of the Coalition, in order to reach a comprehensive political solution in Yemen, in accordance with UNSC Resolution 2216, the GCC Initiative and the outcomes of the Yemeni National Dialogue.

That is the path the Kingdom of Saudi Arabia is pursuing to help the brotherly nation of Yemen advance towards stability and prosperity. The Kingdom will continue its efforts to alleviate the humanitarian suffering of the brotherly people of Yemen. The Kingdom's humanitarian assistance has surpassed 17 billion dollars in the past few years alone, and the Kingdom calls on all friendly nations and international organizations to intensify their humanitarian and relief assistance to the Yemeni people.

The Kingdom of Saudi Arabia also looks forward to strengthening its cooperation and coordination with the United States in order to address regional challenges. These include advancing the Middle East peace process, as well as resolving conflicts and promoting stability in Lebanon, Syria, Iraq, Afghanistan, the Horn of Africa, and the Sahel countries. Our mutual objectives also include confronting terrorism and extremism, while addressing the repercussions of the Covid-19 pandemic. As partners in the G-20 group, we are working jointly towards stabilizing international energy and financial markets and strengthening cooperation in the area of environmental protection. In sum, we seek to advance our shared interests and to promote peace and stability in the region and throughout the world.
